PERSONAL STATEMENT

I am a young enthusiastic person who is respectful and polite. I am seeking a web developer role where I can contribute my strong technical, web development and interpersonal skills.

KEY COMPETENCIES

Strong web development skills

- Strong HTML, CSS, PHP and JavaScript/jQuery skills.
- Knowledge of Web Content Accessibility Guidelines (WCAG).
- A working understanding of responsive design and CSS Media Queries.
- Able to effectively use SASS.
- Experience using Content Management Systems (CMS) – WordPress.

Excellent computer skills

- Strong technical skills as a result of my IT degree.
- Working knowledge of Microsoft Office packages.
- Good typing skills (39 WPM, 97% accuracy).

Excellent communication and listening skills

- Successful team player: Experience with Agile project methodologies (SCRUM).
- Good listening skills and ability to take on board all feedback.
- Able to build strong interpersonal relationships with clients and colleagues.
- Experienced in translating technical jargon to plain language.

Personal abilities

- Strong willingness to learn new things and adapts quickly to changing environments.
- Fast to pick up new technologies and methodologies.
- Proven work ethic: punctual and reliable.

WORK HISTORY

Jul 2015 – Current **Healthcare NZ – Community Support Worker**
Levin

Providing support in household management and personal cares for clients living in their homes.

Aug 2012 – Current **StarsQA - Creator and Owner - Self-employed**
Website: <http://starsQA.com>

StarsQA is a website where fans can ask their favourite celebrities questions that get made into interviews and posted on the site.

Feb 2013 – Dec 2014 **Kiwitea School – On call Website Administrator**
Website: <http://kiwitea.school.nz>

I originally created this website for my Industry Project at the end of my Bachelor course. I was then hired on for another year a casual basis to keep the site updated until they could undertake this their selves.
